

## **Annual CCR Fugitive Dust Control Report**

A.B. Brown Generating Station

December 12, 2016

### **40 CFR §257.80(c) Annual Fugitive Dust Control Report**

*The owner or operator of a CCR unit must prepare an annual CCR fugitive dust control report that includes a description of the actions taken by the owner or operator to control CCR fugitive dust, a record of all citizen complaints, and a summary of any corrective measures taken.*

The A. B. Brown Generating Station has not received any citizen complaints regarding CCR fugitive dust since the Fugitive Dust Control plan was prepared on October 16, 2015.

The ash pond was initially sealed with Prince Seal, a polymer emulsion product manufactured by Prince Seal, in December 2015. The sealer was applied beginning December 4, 2015 and concluded on December 18, 2015. Sealer was re-applied over a majority of the exposed ash in the pond November 2 – November 17, 2016, and the final section was sealed on November 23, 2016.
